Plurimi gets recognised at CityWire's Investment performance Awards 2024

CITYWIRE
WEALTH
MANAGER

INVESTMENT PERFORMANCE AWARDS 2024

**BEST SMALL FIRM
WINNER**
Plurimi Wealth

We are proud to share that Plurimi has been named Best Small Firm at this year's [CityWire Investment Performance Awards](#).

The award is based on objective performance criteria, focusing on risk-adjusted returns over a three-year period. This recognition underscores Plurimi's consistent delivery of value to its clients in a challenging investment landscape.

The award acknowledges the consistency of our outperformance across a wide range of risk profiles – our Macro and Long Short Strategies delivered positive returns every year during the 3-year period assessed, which most of our competitors found difficult to do in 2022 when both equities and bonds sold off dramatically.

Stock selection supported by our AI and Machine Learning system and inflation protection were the drivers of our outperformance.
